<p>assess the changes that have taken place and the changes likely to take place in the current and coming budgetary periods under the following items:</p> <p>4.1 salary scales, pension contributions and allowances, including post adjustments, established by the United Nations common system and applicable to the staff employed by the Union;</p> <p>4.2 the exchange rate between the Swiss franc and the United States dollar in so far as this affects the staff costs for those staff members on United Nations scales;</p> <p>4.3 the purchasing power of the Swiss franc in respect of non-staff items of expenditure;</p> <p>5 that the Council shall have the task of effecting every possible economy, in particular taking into account the options for reducing expenditure contained in Annex 2 to this decision, and considering the application of the concept of unfunded mandatory activities (UMACs)¹, and, to this end, that it shall establish the lowest possible authorized level of expenditure commensurate with the needs of the Union, within the limits established by <i>decides 1</i> above, if necessary taking into account the provisions of <i>decides 7</i> below; a set of options for reducing expenditure is given in Annex 2 to this decision;</p> <p>6 that the following minimum guidelines should be applied in relation to any expenditure reductions:</p>	<p>4 that the Council shall, during each budgetary period, assess the changes that have taken place and the changes likely to take place in the current and coming budgetary periods under the following items:</p> <p>4.1 salary scales, pension contributions and allowances, including post adjustments, established by the United Nations common system and applicable to the staff employed by the Union;</p> <p>4.2 the exchange rate between the Swiss franc and the United States dollar in so far as this affects the staff costs for those staff members on United Nations scales;</p> <p>4.3 the purchasing power of the Swiss franc in respect of non-staff items of expenditure;</p> <p>5 that the Council shall have the task of effecting every possible economy, in particular taking into account the options for reducing expenditure contained in Annex 2 to this decision, and considering the application of the concept of unfunded mandatory activities (UMACs)¹, and, to this end, that it shall establish the lowest possible authorized level of expenditure commensurate with the needs of the Union, within the limits established by <i>decides 1</i> above, if necessary taking into account the provisions of <i>decides 7</i> below; a set of options for reducing expenditure is given in Annex 2 to this decision;</p> <p>6 that the following minimum guidelines should be</p>	<p>4 that the Council shall, during each budgetary period, assess the changes that have taken place and the changes likely to take place in the current and coming budgetary periods under the following items:</p> <p>4.1 salary scales, pension contributions and allowances, including post adjustments, established by the United Nations common system and applicable to the staff employed by the Union;</p> <p>4.2 the exchange rate between the Swiss franc and the United States dollar in so far as this affects the staff costs for those staff members on United Nations scales;</p> <p>4.3 the purchasing power of the Swiss franc in respect of non-staff items of expenditure;</p> <p>5 that the Council shall have the task of effecting every possible economy, in particular taking into account the options for reducing expenditure contained in Annex 2 to this decision, and considering the application of the concept of unfunded mandatory activities (UMACs)¹, and, to this end, that it shall establish the lowest possible authorized level of expenditure commensurate with the needs of the Union, within the limits established by <i>decides 1</i> above, if necessary taking into account the provisions of <i>decides 7</i> below; a set of options for reducing expenditure is given in Annex 2 to this decision;</p> <p>6 that the following minimum guidelines should be</p>
---	--	--

¹ The concept of UMACs may be applied, where necessary, as a means of highlighting a number of activities within the overall programme of work mandated by the governing bodies of the Union, as well as those support activities which are deemed essential to implement the mandated activities, which could not be accommodated within the financial limits set by the Plenipotentiary Conference. The Secretary-General would be authorized to incur expenditure on these activities provided that savings are achieved or additional income is generated.
