ADD

**DRAFT NEW DECISION [COM6/X] (Busan, 2014)**

**Use of hyperlinks in ITU documents**

The Plenipotentiary Conference of the International Telecommunication Union (Busan, 2014),

*considering*

Document C09/36 which contains a report by the Secretary General addressing the use of hyperlinks in ITU documents,

*taking into account*

the endorsement by ITU Council<sup>1</sup> of the recommendations contained in the above report,

*decides*

that final documents submitted for approval shall not contain hyperlinks other than, where appropriate, internal hyperlinks to documents or parts of documents that are stable and have already been approved by the competent organ of the Union, and that the inclusion of an internal hyperlink in a document submitted for approval should not result in implicit approval of the content of the hyperlink's target; rather, any approval must be explicit (this procedure is not applicable to study groups).
