**Member States of European Conference of Postal and
Telecommunications Administrations (CEPT)**

EUROPEAN COMMON PROPOSALS FOR THE WORK OF THE CONFERENCE

The European Conference of Postal and Telecommunications Administrations ([CEPT](#)) congratulates the International Telecommunication Union (ITU) and the authorities of the Republic of Korea for hosting the 2014 International Telecommunications Union Plenipotentiary Conference (ITU PP-14).

This contribution presents the European Common Proposals (ECP) for PP-14. These have been developed by the CEPT Committee for ITU Policy (Com-ITU).

The following CEPT proposals to PP-14 reflect the European priorities for ITU over the next four-year period. CEPT believes that PP-14 will be a successful conference and will positively contribute to the development of telecommunications across the globe.

The European administrations welcome the opportunity offered by PP-14 for in-depth discussions with the other ITU members on the issues to be addressed during the conference. To this effect, coordinators have been designated for each item to act as point of contact with the other participants to contribute to the efforts of the Conference in arriving at decisions that can be supported by all ITU members.

The structure of the European common proposals to PP-14 and the list of European coordinators for each of the proposals are contained in **Annex 1**.

The table of co-signatures by European administrations is provided in **Annex 2**.
